

I hear it singing, singing sweetly.
Softly in an unbroken
Singing as if God had taught it,
"It is better further on!"

Night and day it sings the same song!
Sings it while I sit alone,
Sings so that the heart may hear it,
"It is better further on!"

Sits upon the grave and sings it;
Sings it when the heart would groan:
Sings it when the shadows darken—
"It is better further on!"

Further on? But how much further?
Count the miles, one by one;
No! no counting—only trusting,
"It is better further on!"

County Auditor, PETER WERGO.
Representative, 21st Dist., PETER BARTHEL.

The County Convention.

The Democracy of Carver County assembled in Convention in obedience to the call of the committee, on Saturday last, the 13th inst., to nominate a county ticket and to choose delegates to attend the Judicial and Congressional Conventions.

The convention was organized by electing Hon. C. H. Lineau, of Watertown, Chairman, and J. Thos. Kerker, of Watertown, Secretary.

The committee upon credentials reported every townfully represented, except Hancock.

The convention adjourned one hour. On the re-assembling of the Convention the following persons were elected delegates to the convention.

JUDICIAL.

Jos. Weinmann, F. E. Du Toit, E. Holmes, C. Thamer, J. T. Kerker, R. Patterson, G. Krayenbuhl, J. K. Cullen, J. A. Sargent, P. Barthel.

CONGRESSIONAL.

John Dunn, L. L. Baxter, C. H. Lineau, E. Holmes, Dr. E. Bray, Geo. Faber, Geo. Du Toit, Geo. Bleichner, J. A. Sargent, Chas. Johnson.

RESOLUTIONS.

The Committee upon Resolutions introduced a series of resolutions, of which the following were adopted:

Resolved—That the people of the Great West demand representatives not entirely controlled by the Monopolists of the East—that we demand a reduction of the present radical tariff.

Resolved—That while the party now in power retains control of the Governmental affairs, there is no prospect of a reduction of the present tariff—no reduction of the burdensome taxation, and that the people without distinction of party ought to unite with the party that has always been opposed to a protective tariff and to high taxation.

NOMINATIONS.

Peter Wergo and J. de Ville were put in nomination for County Auditor. Mr. Wergo being nominated upon the first ballot by an overwhelming majority.

REPRESENTATIVE.

Messrs. Cullen, Bray and Barthel were nominated by their friends and balloted for 8 times with varying result, until Peter Barthel, of Chanhassen, received the nomination.

COMMISSIONERS.

Robert Patterson, of Benton, was nominated as Commissioner in the 5th District.

of Watertown, in the 4th, and Constantine Dougherty of San Francisco in the 1st.

We also learn that Mr. G. Krayenbuhl of Chaska, was again chosen chairman of the Democratic County Committee.

The victory in Kentucky.

The Louisville Courier Journal sums up the victory in Kentucky as follows: "The Democratic majority in Kentucky will exceed fifty thousand. The radicals have not carried a single county in the State. With all their efforts with the aid of the independents—with the aid of the negro vote—with a perfect organization arrayed against a party whose strength has made it at least in disrepair—they have been able to achieve nothing. They had the eager, undeveloped assurance of a new hope to inspire them. They had a body of census takers in every neighborhood to instruct them. They encountered a divided and undrilled antagonist. The result is an overwhelming victory for the Democratic party. The radicals will never have a better chance. They have shown themselves just strong enough to consolidate the Democratic elements and to enforce strict Democratic principles.

We should not hesitate to recommend to any friend of ours, Parson's Purgative Pills; they are scientifically prepared, and are adapted to all the purposes of a good purgative medicine. Decidedly the best remedy that has ever been discovered for rheumatism, swollen or stiff joints, flesh wounds, sprains, bruises, cuts, and burns, is Johnson's Anodyne Liniment. We use it, and always recommend it to our friends.

BATTLE OF SUNDAY.

Napoleon Claims a Victory

King William Says it was a "Victorious Combat."

LONDON, Aug. 15, A. M.—A great battle took place yesterday before Metz. Both French and Prussians claim the victory.

DISPATCH FROM NAPOLEON.

The following important dispatch to the Empress Eugenie is just made public:

Louleville, Aug. 14.—The French army commenced to cross to the left bank of the Moselle this morning. Our advanced guard had no knowledge of the presence of any force of the enemy. When one half of our army had crossed over, the Prussians suddenly attacked in great force. After a fight of two hours, they were repulsed with great loss to them.

DISPATCHES FROM KING WILLIAM.

Berlin, Aug. 15.—The Queen of Prussia to-day received the following dispatch dated in the vicinity of Metz, Sunday evening:

"A victorious combat occurred near Metz. The troops of the First and Seventh corps participated. I hasten to the scene of the conflict."

(Signed) WILLIAM.

Paris, Aug. 16.—The Sub-Prefect of Verdun telegraphs as follows to the Ministers of the Interior:

VERDUN, Aug. 16, A. M.—No news from Metz. Nothing is known to have occurred to-day. All day yesterday the roar of cannon was heard between Metz and Verdun. Persons who reached here from that direction say a great battle was fought, opening at daylight, and that the Prussians lost more than 40,000 men in the combat, and were completely defeated during yesterday morning at the extremity of the fortifications of Verdun, the enemy had been seen directing his retreat to the South, and established his headquarters at Stenail.

After the battle of Stenail, the French troops at Metz, thus cutting communication between Metz and Verdun, the army of the Prince Royal went by way of Sarrebourg to Nancy, while this army, having no opposition in its front, advanced on its route to Paris as far as Bapaume. A CARD.
CHASKA, AUG. 16, 1870.

EDITOR VALLEY HERALD:—We wish hereby to express our hearty thanks to the kind friends who have done so much during the last days of our stay in Chaska to cheer our hearts and make us comfortable. May the blessed Giver of every good and perfect gift, who has moved their hearts to deeds of love to us, say to them on that day, "whatsoever ye have done to one of the least of these my brethren, ye have done to me."

We pray that God's blessings may descend upon Chaska; that many souls may yet be plucked here, "as brands from the burning" and that the Good Shepherd may here yet bring to his fold those who still are lost sheep, and that his flock may be kept safe against that day! Farewell!

Respectfully yours,
C. L. & C. REINKE.

MIDWEST APPLE.—Mr. H. D. Eldridge of Chanhassen, has placed us under obligations for a fine assortment of apples, of the Dutchess of Oldenburg variety. They were large, fine flavored and of a really superior quality. Mr. D. has a number of trees bearing and reports them all in healthy condition.

REPUBLICAN CONVENTION.—The Chairman of the Republican County Convention has changed the time of meeting from Aug. 27th to Thursday, Aug. 26th. This is rendered necessary in order not to conflict with the Carver Fair. Republican town committee's place bears this change in mind.

Our wounded were instantly cared for and by day break the troops returned to their first bivouacs. All fought with incredible and admirable energy.

I have gone among them and congratulated them with a happy soul. I have spoken to Gen. Steinmetz, Zastrow, Manteuffel and Goerhard.

(Signed) WILLIAM.

A dispatch from the Prussian Government to its ambassador is full of triumph and expresses the greatest confidence in an early result of the war.

LONDON, Aug. 16.—Experiments have been made with the mitrailleurs at Shochurgh. The weapon is a destructive one in close quarters, but the trials show that troops may be annihilated by artillery before the mitrailleuse can be got in range.

LONDON, Aug. 16.—The Admiralty refused permission to surgeons of the British naval service to volunteer for the relief of the Prussian wounded.

LATER.

As we go to press, the St. Paul Daily informs us that a great battle has been fought near Metz, in which the French were victorious. The Prussians were repulsed with great loss.

North Carolina and Oregon.

The election of members of the next Congress is fairly well over. Eight members of the Forty-first Congress are already chosen 6 Democrats and 2 radicals as follows:

North Carolina: Democratic Members, 6; Radical Members, 2.
Oregon: Democratic Members, 2; Radical Members, 2.

There are also the United States Senators to be elected from these two States, in place of the present radical Senators. Both will be Democrats. This is a tolerable fair start in the race.

CONTRACT.—We understand Mr. Howe has the contract to furnish brick for the new church—some 150,000, exclusive of basement.

A CARD.

Ed. VALLEY HERALD.—I learn with surprise that my name was mentioned in the Democratic County Convention as one of the candidates.

Thanks to the friends who came out for me, but I was no candidate, had seen no delegates, and did not even know their names until after the Convention. I had enough of the Democratic Convention in 1868.

Your Truly,
JEAN DE VILLE.

I hereby certify that my friend de Ville, told me before the assembling of the above convention, that he was not and would not be a candidate before the Convention.

Use "Barrett's" Hair Restorative. Procure the genuine "Barrett's." Apply "Barrett's"—directions on wrapper.

"Barrett's" a scientific discovery. "Barrett's" a thing of joy.

The merit of any article is readily established by its sales. We have it direct from the proprietors that in the last three years nearly two hundred thousand dollars worth of BARRETT'S VEGETABLE HAIR RESTORATIVE, has been manufactured, sold and consumed, and has given universal satisfaction. All who have used it declare that it is a Restorer, Renewer, Regenerator, Renovator and general Regulator of the human hair it has no equal in the long catalogue of Hair preparations. While it is through in changing the hair to its natural color, it imparts a luxuriant richness, and to the head a cool and most agreeable sensation.

Reader if you need a Hair preparation, just give "BARRETT'S" one trial and you will never desire any other, or be put off with any other by your Druggist—for among its uses it is competitors it stands alone upon its own merits, unapproached and unsurpassable.

Basler House.—We had the pleasure of taking a look at the above named Hotel, "inside and outside, up and down stairs," and we found everything in "tip top order." Capt. Basler can now accommodate all his old customers, and also all new ones that want to stop at a first class house. The table is always supplied with all the delicacies the market affords, but it is sufficient to know that Mrs. Basler superintends the culinary department. Charlie keeps the best brands of Liquors and Cigars, and if you don't believe it, give him a call and see for yourself. A good stable is attached to the house. Charges moderate.

PERSONAL.—During the week a large number of prominent gentlemen from abroad, delegates to the two town meetings, the Judicial Convention, among whom we noticed, Hon. J. L. McDonald, Isaac Lineau, John Edert and H. H. Struik, of Shakopee. S. A. Hooper, H. H. Rose, J. M. Sprague and others of Belle Plaine.

From our County we noticed, Col. Baxter, Judge Sargent, G. Krayenbuhl, Chris. Thamer, Hon. J. K. Cullen, R. Patterson and P. Barthel, in fact the town was full.

DELEGATES.—Among the delegates chosen from this county to the Congressional convention at St. Paul on Sept. 15th, was the following persons from Carver: John Dunn, Chas. Johnson, E. Holmes and Geo. A. Du Toit.

TOWN COMMITTEE.—The following gentlemen were selected as the Democratic Town Committee for the ensuing year.

Jos. Weinmann, Chairman. John Dunn and John Bloedel. The thanks of the Democracy of Carver are due to the retiring chairman John Heckelrath, for the faithful performance.

LUMBER.—Geo. A. Du Toit has just received a supply of lumber of all kinds which will be sold cheap. He sells shingles cheaper than any other firm in Carver County.

STOVES.—H. R. Denny has rec'd 60 cook and parlor stoves direct from the manufactory, at Troy N. Y. These stoves will do well by giving Mr. D. a call.

THRESHING.—Henry Zanger has sold 10 "sweepstakes" threshers during the last month. This machine is considered a good one. Quite a number of the "case machines" have also been sold by Messrs. Knoblauch and Thompson.

A CALL.—We were pleased to receive a call from our friend L. W. Henry of Pittsburgh. He was on his usual yearly tour, and always remembers Carver.

HAY.—L. H. Griffin is selling large quantities of hay about town for 5 & 6 dollars per ton.

GOOD NOMINATION.—Constantine Dougherty of San Francisco is the democratic candidate for County Commissioner in this district. This is certainly a good nomination and he will be elected. San Francisco is entitled to it.

PERSONAL.—Capt. Davies, of the Pioneer was in town on Monday and gave us a call. He is a pleasant gentleman.

The following indicates the time for the arrival of trains at Meridian Station:

J. F. Lincoln, Supt.

COUNTY FAIR.—We publish this week, the premium list offered by the Committee for articles on exhibition at the county fair, to be held at Carver on Saturday, September 24th 1870. Extra premiums may be awarded by the committee, if in their judgment, the articles on exhibition warrant it. We expect a large display of Carver County products.

COMPLETED.—Messrs. Grates and Ploker, Masons, have completed the brick work on the foundation and basement story of the new Catholic Church. The foundation is strong and substantial and rendered necessary to support such a massive building.

HARDWARE & CO.—Mr. Henk informs us that he has received a very large supply of Hardware and cutlery goods. Also a very large assortment of stoves &c. Mr. H. has a large stock and sells cheap. Give him a call.

VICTORIA CHURCH.—We understand that the Trustees of Victoria Church, Laketown, have decided to postpone the erection of the new Church edifice at that point until next year. A great share of the material for building is already on the ground.

RAIN.—This section of the country was visited by a very nice and refreshing rain shower on Monday. It continued throughout most of the day.

PERSONAL.—G. Krayenbuhl, our popular clerk at Court, visited St. Paul during the week on business.

J. G. Souder of Waconia, was also in town on Monday.

Capt. G. Houghton of Carver, passed through town on Monday from the upper Mississippi.

THE WHEAT CROP.—We are informed by reliable threshers that the wheat crop will not average over 14 bushels to the acre in the towns of Chaska, Chanhassen and Laketown, but that in the back towns of the County the average will be fully 15 bushels to the acre. But in every instance the wheat will grade No 1.

BARLEY AND OATS.—The barley crop of the county is excellent. Oats rather poor, and the yield light. The weather was altogether too dry.

WATERTOWN MILL.—We have heretofore referred to the Flouring Mill, of the Messrs. Lincoln of Watertown. We have again recently had an opportunity to test the quality of flour manufactured and offered for sale by the above firm and can freely testify to the superior quality of the same. We would also in this connection, recommend the "Union Mills" of Watertown to the farmers of the County, and its able business managers.

MARRIED.—At Chaska Aug. 21st by J. A. Sargent Esq. August Flesch and Henrietta Brandt.

RAIN.—A regular old fashioned, north east rain storm commenced in this vicinity on Monday morning last, and continued for twenty four hours.

BALL.—There will be a grand Ball at Herman Brinkhouse on Saturday the 3d day of September 1870. His friends are cordially invited.

BARO.—Peter Ilis of the National Hotel, is building a barn upon his lot, in order to accommodate his increasing business.

APPLES.—If you want a good apple call at F. Theis. Also stationery of all kinds.

LUMBER.—F. Theis has just received a large force of lumber of all descriptions. Which he sells as cheap as any firm the county.

The Lightning, during the shower on Monday, struck the lightning rod on the hard ware store of Philip Henk, in this town, it wrenched and twisted the rod considerably but without any material damage. The shock was felt by a number of our citizens but fortunately no one injured.

ROUGH.—Mrs. Mary Hammer

was fined five dollars and cost, by Justice Sargent on Tuesday for throwing hot dishwater in a malicious and angry manner, over the cranium, face and other parts of the body, of Leonard Finken Esq. Mr. Finken did not like that style of being Hammered.

DELEGATES.—The delegates chosen from this town to attend the Republican convention at Young America, announced to day are T. D. Smith, M. H. Hils, Fred Henning, and Daniel Stone.

We understand our old friend Daville is putting on war paint—preparing to an old fashioned tomahawk onslaught upon all those who are unfortunate enough to live within ten miles of the county seat.

HARPER'S ILLUSTRATED.—The popular and highly priced "Illustrated Weekly," makes its regular appearance upon our table. Its fine illustrations of the war scenes in France is adding greatly to its already merited popularity. Address, Harpers Bros., 37 N. 3rd St., New York.

Best thing yet, Equine Remedies. Use Equine Condition Powders. Nothing surpasses Equine Remedies. Remarkable cures from Equine Remedies. Equine Remedies take the lead.

Edward Bayer, Esq., Horton, Kings Co., N. Y., writes that an astonishing cure has been effected on his daughter, by the use of Johnson's Anodyne Liniment. The whole spine became diseased, she lost the use of her limbs, and her back was wounded up like a box in consequence of taking cold after having been inoculated for the knee pox. She is now well.

We pledge our reputation on the assertion that an educated physician, after a careful examination of this receipt, will say that Parson's Purgative Pills possess more merit than any other pill now offered for sale.

NEW PHYSICIAN.—Since the departure of Dr. Rogers, our citizens have been anxiously asking and looking out to who was to take his place. It is with pleasure we announce to the citizens of this County, that Dr. E. Lewis of Washington City, D. C. has become permanently located at this place, and he will devote his entire attention to the practice of his profession. Dr. E. comes well recommended, has practiced medicine for 8 years, and is a sober and Christian gentleman. His office is at Geo. A. Du Toit's store, where he can always be found unless absent on professional business. His charges will be moderate. We hope the citizens of this County, who are sadly in need of a good physician, will call upon Dr. E. Lewis when wanting the services of a Doctor. We are certainly fortunate in securing Dr. E. for this place.

Business.—Brooks Holmes and John Dunn, the two prominent "Dry Goods men" of Carver left for Milwaukee and Chicago on Thursday last to purchase their fall stock.

Our old friend Harrie W. Holmes of Wabasha made his old home and friends a flying visit last week. Weyman looks as good natured as ever and we are glad to hear he is prospering in his new home "Wabasha."

Capt. Geo. Houghton of "Pokeama" fame was in town over Sunday and reports steam boating good in the upper country.

WHEAT.—Wheat is now bringing from 89 to 95 cts. per bushel, owing to the low price of it, it has not been coming in very fast.

GOOD SHOTS.—Our friends, Sam Stevens, and Dr. Lewis were out duck hunting on Friday, and proved themselves good shot, by bringing home a "long string of ducks." We return thanks for a "big mauld."

NEW SHOEMAKER.—A new Shoemaker shop has been opened near Drug Store of G. A. Du Toit, by Mr. Esche of St. Paul. He has a good stock, and will make a good boot, cheap.

NEW FAMILIES.—Dr. Lewis, Mr. Esche, and Mr. Basse, will soon bring their families to Carver, and become Carver people. The more the better.

REPUBLICAN CARDS.—At the Republican caucus, held on Saturday last, H. R. Denny, Joe. Humer, and C. J. Lundgren were chosen as delegates to the Co. Convention. We understand they are all strong Averill men.

FIVE APPLES.—Mrs. Capt. Houghton has some of the finest Transcendent Crabbe we have seen this year. They are larger than any we have seen, and they "look so nice," and "don't taste bad."

AGRICULTURAL ESTABLISHMENT.—We understand that H. Zanger is contemplating the starting of an Agricultural Store at this place, early in the spring. We hope Mr. Z. will do so, as it is something that would do us good. It is certain the agricultural men in town, would give up their business to Mr. Z.

Poetry.

DR. HOLLAND'S NEW POEM.

INTIMATIONS.

What glory there! What darkness now!

A glimpse, a thrill, a gleam, a glow!

I reach, I grasp, I stand, I kneel!

Yours, mine, no more, O voice, O eye!

The hand of angels, swift and bright,

That pass, but cannot wake your sight,

Down, from the heights of heaven, above,

For falling from another sphere.

Alas! soul of mine! Alas! soul of mine!

Thy slumbering senses are but mine!

That stand between me and the stars,

And shut thee from the world above.

For something sweeter than the sound,

Comes through the darkness and the light,

And penetrates, or waits the dawn,

Nay, (did he here, couldst thou but see)

All things of beauty are of Him,

And heaven and earth and all that live,

Are lovingly anointed!

If thou hast apprehended well

The beauty of the world above,

Thy mind is moved by some subtle power

Which comes and goes, and cannot wait!

If thou hast kindled the sweet

Of dreamy thought across the day,

Or gazed with rapture and thrill

At the sweet, sweet, sweet, sweet, sweet,

And felt the sweet, sweet, sweet, sweet,

Then have thou drunk the heavenly dew!

Then have thou drunk the heavenly dew!

Then have thou drunk the heavenly dew!

Then have thou drunk the heavenly dew!

Then have thou drunk the heavenly dew!

Then have thou drunk the heavenly dew!

Then have thou drunk the heavenly dew!

MR. THOMPSON'S PRODIGAL.

BY DR. HOLLAND.

We all know that Mr. Thompson

was looking for his son, and a pretty

one that. It was coming to California

for this object was no secret to his

followers; and the physical peculiarities

as well as moral weakness of the

prophet, were made equally plain to

us through the frank volubility of the

prophet. "You was speaking of a young

man who was hung at Red Dog for

sluicering," said Mr. Thompson, to a

passenger, one day: "You aware of the

color of his eyes?" "Black," responded

the passenger. "And," said Mr. Thompson

referring to some mental phenomena,

"Charles' eyes were blue. He then

went away. Perhaps it was from this

sympathetic mode of expression, perhaps

from that western predilection to take

a humorous view of any principle or

sentiment, persistently brought before

him, that Mr. Thompson's quest was the

subject of some satire among the

passengers. A gratuitous advertisement of the

missing Charles, alluded to in the

"Gleanings," circulated privately among

everybody remembered to have met

him, and to have seen him, and to have

heard him, and to have seen him, and to

have heard him, and to have seen him,

and to have heard him, and to have
